Adopt a Swan,

We are 2nd graders from Purdy Elementary in Gig Harbor, Washington, and would like to help your cause.

After our class read The Trumpet of the Swan, we wanted to learn more about these majestic birds. Through our research we found your web site and learned that they were endangered by lead poisoning. The entire class was touched by your efforts and decided we wanted to adopt a swan. To raise funds for this, we chose to make individual trumpeter swan art, scan the art onto note cards and sell them in packets to friends and families. Enclosed is a sample of a student's note card, along with a class picture.

Our class project exceeded our original expectations and we are very proud to be able to donate \$432. The proceeds are happily donated to the Adopt a Swan project.

Sincerely,

Mrs. Angus' 2nd Grade Class
